#Q. You are Neena / Navin, a student of Max Public School, Mumbai. You are concerned about the lack of awareness around animal rights. Write a letter to the editor about the need to raise awareness about animal rights among the public.

Subject: Awareness around Animal Rights

Sir/Madam

Through the columns of your esteemed newspaper, I wish to raise awareness about animal rights and the importance of preserving them.

Deforestation, thirst for adventures, greed for money, and other factors are all contributing to the extinction of wild animals today. Because of man's avarice, many wild animal species are on the verge of extinction. Animals, like humans, have the right to live and also contribute to ecological balance.

ANSWER

Despite the fact that the government has launched numerous programmes aimed at protecting wild animals, no positive results have been achieved.

Some people keep pet animals but do not take proper care of them. This is not called for and government agencies should create laws to check and prevent such incidents. Many private organizations are making efforts but legal intervention will make strict implementation of rules. PETA

Kindly publish this letter so that we can create awareness among the masses. NGO.

Thanking you (optional) Human is the most dangerous animal.

Yours faithfully

Neena / Navin #Animallifematters.
